

A Modern Privacy Solution for Healthcare Facilities

Traditional fabric curtains collect pathogens responsible for spreading infectious hospital acquired diseases amongst patients, doctors, staff, and visitors, while being unattractive and old fashioned.

LCG® provides a high-tech, sophisticated, and sterile privacy solution patients and staff appreciate

- ✓ Eliminate fabric and disposable curtains that accumulate bacteria, decompose over time, and create recurring costs
- ✓ Privacy when opaque, and an open atmosphere when transparent
- ✓ Monitor patients without entering a room
- ✓ Portable partitions on wheels to change space configuration instantly
- ✓ Sterile, antiallergenic, and easy to clean – a towel and antibacterial solution
- ✓ Glass helps mitigate sound
- ✓ High ROI and Low Maintenance
- ✓ Laminated or RetroFit White, Dark, Vizio Projection, and Spectrum films
- ✓ Supports DMX Interface and Automated Control Ready

Gauzy Applications

Shared Patient Rooms

Create a dynamic sense of privacy in large, shared patient rooms with an aesthetic and sterile divider

Emergency Rooms

Portable or foldable partitions from opaque to transparent for the most urgent of moments

ICU's and Operating Rooms

Maintain maximum sterility with easy to clean LCG® glass surfaces that maintain opacity during surgeries and treatments, and transparency when needed

Lecture Halls

Use Vizio Projection Film and LCG® Move in educational spaces for HD, 180° projection surfaces that double as whiteboards

Movable Partitions

Modify the configuration of a space instantly with LCG® Move: a lightweight, portable, switchable partition. Also, ideal for private practices

Fixed Partitions

Apply Laminated or Retrofitted LCG® to different style fixed partitions, where more permanent structures are suitable

Private Patient Rooms

Check on patients without having to enter a room by simply changing a door from opaque to transparent with the touch of a button

Common Areas

Adorn atriums, waiting rooms, check-in counters, shared working spaces, and restrooms with any type of LCG® for an upgraded experience
